

PRODUCT CARD

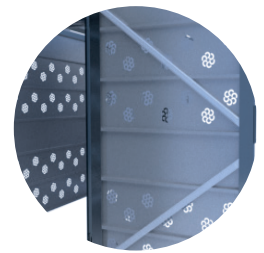

Product trade name: NANO GMS dustbin cover
Manufacturer: GMS Corporation Sp. z o. o., 33-335 Nawojowa, ul. Krynicka 55
Type: Compact dustbin cover

General description

The NANO GMS product will provide the perfect housing for up to four 240-liter or 120-liter rubbish bins. The cover protects the container against weather conditions and unauthorized access. Thanks to its aesthetic appearance, it is a pleasant place to store waste. The structure of the shield is made of appropriately profiled vertical galvanized steel panels joined with the ecological clinching method.

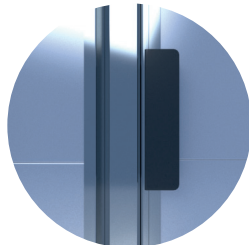

NANO VENT stamped holes
around the entire
circumference of the cover

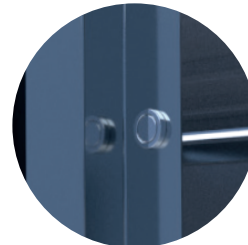

Ukośne zastrzały
zwiększające sztywność
skrzydła
